

FLY NEWS

What's New @ Coudelaria Maria Chambell

NEW HOMES

Our 2023 foals said their goodbyes to the FLY home at the end of last year.

Ucatan Fly Z & Dill Fly Z joined their new home in Germany, Vanilla N Ice Fly Z went to France, Utica Fly Z & Enigma Fly Z stayed in the country!

We're delighted with their new homes.

MILESTONE

2023 is forever marked in our history! We bred our first ever homozygous filly foal "Isis Fly Z"! After 10 years of breeding colored warmbloods and aiming for the best possible quality, we were gifted with this incredibly well bred and stunning filly. She is retained.

OUT AND ABOUT

Our golden boy **Umbracle Fly Z** has finally started to compete! He debuted in the CSI Vilamoura last Fall and showed great potential; nothings we weren't expecting. Meanwhile, he produced 10 foals, all with the best characters and modern built. He produced color in 70% of the times. For this year some 5* mares are expecting his foal. He remains available worldwide in 2024!
